MEMORANDUM

TO: Members of the Bar and Public
FROM: Cameron Burke, Court Executive
SUBJECT: Changes in Internet Fee Payments

The Administrative Office of the U.S. Courts announced this week that effective August 28, 2005, Netscape version 4.7 will no longer function for CM/ECF users making fee payments by Internet credit card. Internet Explorer 5.5 or higher is the only browser supported by the most recent version of the Treasury's Pay.gov system, which is scheduled to be deployed on August 28, 2005. However, we believe that newer versions of Netscape along with Firefox and other browsers will still work, they just won't be supported by the Treasury help desk if you have trouble paying with a different browser. Netscape 4.7 will continue to work in ECF for everything but credit card payments.

We certainly apologize for any inconvenience that this may cause. Thanks for your consideration in this matter.
